The Association of Wisconsin Snowmobile Clubs is honored to host the 56th International Snowmobile Congress (ISC) in 2024. The world of snowmobiling will come together with delegates from Canada and the Snow Belt States across the U.S.A. To exchange ideas, gather information and enhance everyone's knowledge. Our goal is to provide all attendees with a memorable experience that will not only create a more positive enthusiastic outlook for the future of our sport, but also establish more partnerships, while promoting the great state of Wisconsin with all its treasures, especially snow.
